>PRODUCT DESCRIPTION

Solid Flooring Mixed Grain Heart Pine

Our Mixed Grain Reclaimed Heart Pine Flooring offers the boldest grain and knot combination. The alternating tones of sapwood and heartwood, interspersed with brown knots, make it a dynamic choice. Heart pine is an incredibly dense, durable wood, also known as Southern yellow pine (*Pinus spp*).

Call today for a flooring sample.

>SOURCE

Heavy timber and lumber from dismantled warehouses, factories, etc. found mostly east of the Mississippi. All original trees were true old-growth, harvested from the South in the early 20th century. Grown, sawn, built, deconstructed & remilled in America.

>COLOR TONES

Honey tones contrast with blond and maple syrup colors, brown knots.

>GRAIN PATTERN

Mixed grain orientation means some boards will be flat grain, some vertical grain and some a combination of both.

>CHARACTER

Medium to large knots, tight and mostly checked. Expect nail holes, nail stains, and other signs of this old wood's previous life.

>DIMENSIONS

Custom milled to your order, from 4" - 8" widths, random lengths from 4 - 14', in tongue & groove, square-edged with relieved back. Standard thickness is 13/16"; others available on request.

>PRICING

From \$7.75 per sqft [Call or fax for a quote]

>LEAD TIME

Approximately 3 weeks; more is always appreciated.

>INSTALLATION

For all flooring, we suggest you order a minimum 5% extra allowance and schedule delivery to the site at least two weeks prior to laying the floor. Flooring should be laid as per install guidelines of the National Wood Flooring Manufacturers Association (NOFMA).
